GREENBELT PLANS GREAT FOURTH

HEALTH ASSOCIATION SELECTS DOCTOR

The Board of Directors of the Health Association have announced to the Cooperator the appointment of Dr. Thomas A. Christensen as the Association's physician, effective July 1st.

The Directors state that they consider the Association and the community exceptionally fortunate in securing the services of Dr. Christensen. He has been recommended to them by leading physicians of Baltimore, who have also offered all possible cooperation to the Association and to Dr. Christensen.

Dr. Christensen originally came from Newport, Rhode Island. His early collegiate work was done in New England universities. He received his Medical training at the Georgetown University Medical School. His hospital work has embraced training in the Georgetown University Hospital and the Emergency Hospital. During the past two years he has been actively engaged in his profession at the University Hospital, University of Maryland, Baltimore, where he has been a resident physician.

Although Dr. Christensen's work and experience have been well rounded in all the phases of medicine, the Board of Directors stated that he has had very excellent special work in Pediatrics, having made several contributions to recent literature on this subject. They also stated that one of the reasons Dr. Christensen was selected as the successor to Dr. Dryden, whose resignation was announced last week, was his varied

(see DOCTOR page four)

A program calling for a community celebration so designed that every Greenbeltian four years old and over can participate, will make next week's holiday here a truly great Fourth.

So varied and diversified will the activities of the day be that everyone is assured of a rollicking good time. For the kiddies there are scheduled no less than six tricycle races, for the older children a bicycle parade, for water sport lovers a life saving demonstration, with life guard George Fair in the role of the hero. For devotees of the masticatory art there will be a pie-eating contest. A tug of war, foot races, water races, and a community sing are also on the program. A huge fireworks display at 8 p.m. will wind up the day's festivities.

FOR DETAILED PROGRAM SEE PAGE THREE

A MESSAGE FROM PRESIDENT LASTNER

The Citizens of Greenbelt are co-operating to make our first Fourth a gala occasion.

The success of the celebration will depend entirely upon community wide support. Many families that planned to go away are remaining in town, and inviting friends. At the last meeting of the Athletic Association a showing of hands revealed that only two of those present would be away, while seven were entertaining guests on the Fourth.

We look forward to a great day, in which the whole community will participate, and of which we shall all be proud.

Frank J. Lastner
President, G.C.A.

JUNIOR CITIZENS ASSOCIATION FORMED by Shiela Cone

Woe unto us grownups! The youngsters of Greenbelt have organized a Junior Citizen's Association patterned on our own assembly, only as one child put it "the same as yours, but with Improvements".

The youngsters met Tuesday, June 21st under the dubious leadership of grownups. Mr. Peter Carroll opened the meeting with the able assistance of Community Manager Braden, Chief of Police Mabee, Assistant Community Manager Fulmer and President of the Citizen's Association Frank Lastner. These "boys" had best look to their laurels inasmuch as the new association proposes to put youth at the helm.

Names shouted loudest as nominations for the various offices were as follows: President: Lynn Ashley, Marieta Freeman and Mary Provost; Sr. Vice-President; Mary Claire Bonham and Nathalia Sandman; Jr. Vice-President; Jack Gale, Charles Fitch, John Williams, Marilyn Maryn and Dale Downs; Treasurer: Frank Bauer, Buddy Westphall and Lorraine Weist, Revere Neilsen, Mary Cutsail and Louise Burke; Secretary: Louise Burke, Patricia Brown, Mary Provost, June Donohue and Dorma Ashley.

The officers elected will form the executive committee which in turn will appoint the standing committees. The club expects to form interblock baseball teams, look after the welfare of the babies and generally amuse and occupy themselves.

We parents are going to find ourselves very much on the spot with our own flesh and blood about to take over. The children now use the underpasses. Do the parents? Mr. Fulmer said no, and consensus of opinion of the group present supported him.

There will be a Junior Chief of Police to be appointed by Chief Mabee, and so my dear contemporaries, better 'twould be to have our own policeman catch us in the act rather than the junior member, for he is to be "plenty tough" with law-breakers. So us grownups had best plan on settling down and behaving ourselves in admirable fashion.

We don't like to alarm you parents, but rumor hath it that the foremost

HOLY NAME SOCIETY FORMED IN GREENBELT

The Catholic men of Greenbelt formed a Holy Name Society at a meeting called for this purpose last week at the home of Wm. F. Culliney, 43-F Ridge Road. Officers elected for the first term were Wm. F. Culliney, President; Jos. E. Starke, Vice-President and Jos. Loftus, Secretary-Treasurer.

Plans were developed for notifying all Catholic men in Greenbelt of the regular Holy Name Sunday which occurs on the second Sunday of each month, and of the meeting of the Holy Name Society which will be held on Tuesday evenings following Holy Name Sunday.

At these meetings special speakers will be secured from Washington. Also topics of special interest will be discussed.

CITIZENS ASSOCIATION TO SPONSOR BICYCLE PARADE AND TRICYCLE RACES ON FOURTH

The Citizens Association has announced prizes for the best decorated bicycles appearing in the bicycle parade scheduled for July 4th at 10:00 A.M. at the Community Center.

There will also be tricycle races for 4, 5, and 6 year olds at 10:30 A.M.

Entries for both contests should be made by giving contestants' names, and in the case of the tricycle races, the age, to one of the following committee, by 8:00 P.M. July 3rd.

John Bozek, 45 F Ridge Road

Peter J. Carroll, 1-A Eastway
phone 4092

Mrs. Howard C. Custer, 45-R Ridge
phone 4692

Mrs. S. Hartford Downs, 2-N Gardenway
phone 4416

Mrs. Bart J. Finn, 13-A Ridge Rd.
phone 4261

Mrs. Robert J. Burke, 60-D Crescent
phone 4416

Mrs. Francis J. Lastner, 10-P Ridge

entries for bicycle parade and tricycle races. (See page two)

4:30 PM Sack and Three Legged Races for Children 11 to 13.

5:00 PM Dashes for Girls and Boys--deciding the speediest boy and
the fastest girl in Greenbelt.

6:00 PM Tug of War Contests (Block teams of eight).

6:30 PM Relay Races for Men (Block teams).

7:00 PM Community Sing--Sing and hear our New Greenbelt Song.

8:00 PM Community Fireworks Display

CITIZENS ASSOCIATION JOIN FOOD STORE
IN FIREWORKS SALE

Fireworks will be on sale all day on the Fourth at a special stand to be placed in front of the Food Store. The most dangerous ones will not be sold, and children are to be encouraged to confine their fireworks part of the day's festivities to the public square.

The Fireworks are to be sold under the joint management of the Greenbelt Stores and the Citizens Association - the Stores to provide the stock and to shoulder the financial risk involved; the Association to furnish the salesman to man the stand. Profits will be shared equally by the two groups.

JUNIOR CITIZENS ASSOCIATION PLAN CAMP-
FIRE

Do you like to listen to stories told by a camp fire light?

If you do, follow the kiddies next Saturday night, July 2nd, for they are going to have a big fire, songs and interesting stories by Mrs. Mary Willis, on the softball diamond, above Gardenway behind the Medical Center.

Festivities start at 7:45 P.M., and while the program is sponsored by the Presidential Candidates of the Junior Citizens Association and the Welfare Committee for the young ones, the old folks are welcome, if they don't take all the front seats, and are quiet.

CHILDREN STEAL SHOW

by John P. Murray.

The Federal theatre project play, "What Are You Going To Be?" was presented last Thursday night at the school auditorium as part of the Greenbelt Players Playshop Program. Written by Betty Smith, the one act affair presents a vivid picture of the struggles of a family striving to make the best of lean depression years. Finally convinced that relief is the only solution to his troubles, the young father informs his wife and three young children that the next day will mark the beginning of their life of dull hopelessness. He warns them that this is the last night they are to live as individuals and to make the most of it. The reactions of the children to this and the patient efforts of the mother to make the best of everything, provide dramatic opportunities for the whole cast and they more than took advantage of them.

Harold Miller as the despondent father was most convincing as was Margarite Gibbons as the wife, but most of the laurels went to the three children, Mary Finn, Marilyn Maryn and Mahlon Eshbaugh. It marked the first time that children were used by the Players and they would do well to see that more are used in the future. Miss Finn, as the older sister was just that, slightly bossy, slightly envious of the kid tricks of her younger brother and sister. Marilyn Maryn, the baby of the family and actually not more than six, already possesses the assurance and naturalness of an old trooper. Our selection for the evening's best performance is Mahlon Eshbaugh. In a role doubly hard to enact, because portrayal of the natural antics of a 9 year old boy are rather hard to follow, this young man proved himself more than capable. Perhaps a starring role for him in the next Player production would not be such a bad idea.

CONSUMER SERVICES STAFF HOLDS PICNIC

The employees of Greenbelt's Consumer Services held a picnic Sunday, June 26, at Indian Springs near Greenbelt Lake.

DOCTOR (continued from page one) experience in the general practice of medicine in addition to his extensive training in Pediatrics.

To those residents of Greenbelt who have lived in or around Washington for the past few years Dr. Christensen will be remembered for his part in a drama of the frozen Potomac which was enacted two winters ago. During the extreme winter of 1935-36 the Potomac River became frozen from shore to shore and from its tributaries almost to its mouth at Point Lookout. Tangier Island, being situated in the middle of the Potomac some hundred miles south of Washington, became isolated from the rest of civilization. The several hundred inhabitants of the island were unable to secure food, medicine, or medical treatment from either shore. Expeditions were organized in both Washington and Baltimore for their assistance and food was flown over the island and dropped by airplanes and dirigibles; in one expedition a trooper of the Maryland State Police lost his life from exposure on the frozen Potomac. Another expedition flew down from Washington, and although the island provided no airport or even emergency landing field, the pilot took the lives of himself, two nurses and a doctor in his own hands and maneuvered to a safe landing, thus bringing to the isolated islands inhabitants fulfillment of one of their most crying needs - medical treatment. The doctor in this case was our new Health Association physician.

By the time this issue of the Cooperator reaches its readers Dr. Dryden will have left Greenbelt for his new post in Richmond. However, Dr. Christensen will not have arrived in Greenbelt, as he is unable to be released from his present duties until June 30th, and while he will be on the job at the Health Center on Friday, July 1st for the regular office hours on that day, the intervening days will be filled by Dr. Jerry Finemann, who will render this service as a courtesy to Dr. Christensen.

Since the Board of Directors of the Health Association consider the health of the citizens of Greenbelt of paramount importance, they feel that every one will be anxious to meet the new guardian of their health. With this in mind they are planning a reception in his honor in the near future.

BAND ENTERTAINS GREENBELT

The Chestnut Farms Chevy Chase Dairy Band gave a concert in the town square last Friday night to an audience of over a thousand - in fact the whole town heard a good bit of the excellent performance.

The band, which now has forty-five pieces, was directed by Mr. Edw. J. Hruby (U.S.N. Retired). It was organized in 1935, and has won in tournament play five first prizes, one second prize and one honorable mention.

During the past year it has played before 281,000 people; notably the 55,000 at the Championship pro-football game last Fall in New York at the Polo Grounds.

Every member of the band works regular shifts with the dairy. Ninety percent deliver milk, the rest work inside.

LEGION OUTLINES SUMMER PROGRAM

Summer - July and vacation time is at hand. The local post of the Legion will probably decrease their meetings to one regular meeting each month instead of two. The next regular meeting will be held on the first Thursday in July, the 7th, at 8:00 P.M. There will be that amount of social gatherings and preparing of programs and procedures to carry on after the Department and National conventions. We hope to see the American Legion Baseball team finish the season, under the able coaching of Comrade Mullen with flying colors. We shall enjoy, as will all the citizens of Greenbelt, seeing the Boy Scouts set up in their summer camp close by and will probably give them a few visits. Also we shall continue to carry on with whatever assistance possible toward the aid of the Citizens Association welfare and recreational activities of all the youth of Greenbelt.

We now have a committee working toward the arrangement of a Legion Picnic for all Legion families of Greenbelt sometime during the latter half of July. Watch for the date and plans. We hope all legion families will take part and really have an enjoyable time.

We will be seeing you at the next regular meeting on July 7th at 8:00 P.M.

Greenbelt Post #136

Adjutant

PASTOR RETURNS WITH BRIDE

Pastor Robert Kincheloe of the Community Church, who was married June 23, will return to Greenbelt with his bride this week. He will occupy the pulpit Sunday, July 3, after a two weeks' absence.

The women of the Congregation are getting 6-C Crescent Road, where Reverend and Mrs. Kincheloe will live, ready for the couple's arrival. They are cleaning windows, polishing floors, dusting shelves and, in short, making the place ready to shout "Welcome". And after the couple have duly stepped over the threshold and come to getting their first meal they will find the cupboard and refrigerator not bare but well provisioned. This is to be the Congregation's wedding gift.

EMPLOYMENT SERVICE COMMITTEE TO HEAR PERSONNEL ADVISOR

On Thursday evening, June 30th, Samuel Board, Personnel Advisor of the Office of Personnel, Department of Agriculture, will address the Employment service sub-committee of the Welfare Committee on plans for establishing a sound and responsible employment agency.

Mr. Board has been in Personnel work for over twenty years and is a recognized authority in his chosen field.

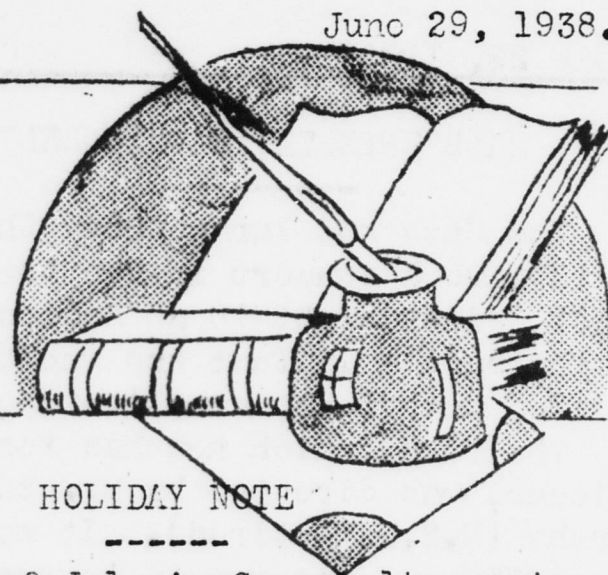

The sub-committee is very grateful to Mr. Thomas A. Fennell of the Agricultural Research Center for his help in obtaining this expert advisor.

The office of the Cooperator is open each Thursday and Friday, with a member of the Employment Service in attendance, to receive applications for positions. It would, also, welcome requests for domestic help and applications from our young people who would like to earn some spending money during the summer vacation.

The Committee is grateful to Greenbelt residents for the cooperation it has already received and, in return, has for its goal the establishment in every Greenbelt household of the certainty of continuous employment.

THE NEXT MEETING OF THE CITIZENS ASSOCIATION HAS BEEN POSTPONED FROM MONDAY, JULY 4, TO THE FOLLOWING MONDAY, JULY 11.

HOLIDAY NOTE

Fourth of July in Greenbelt promises to be a memorable occasion.

As a setting for the holiday, our park-like community-with-a-lake could hardly be improved upon.

Our Town Council and Citizens Association have planned carefully to provide us an excellent program. All possible care is being taken to guard against the accidents that turn laughter into tears.

Nothing has been done about the weather, but that must take care of itself. We hope for the best.

HEALTH ASSOCIATION

Our Health Association will soon have two hundred members.

While this is far from the minimum six hundred needed to provide the services we hope for, it is enough to reassure us as to the Association's ultimate success.

Progress has been much more rapid than was originally thought possible and many of us have already realized considerable benefits from our memberships.

THE BEER QUESTION

The Management of our stores is this week making a complete canvass of the town on the question whether beer for off-sale consumption should be sold by the Food Store.

The Cooperator commends Mr. Jacobson and his associates for realizing that this is not a managerial problem, but one of policy which must be decided democratically in a Cooperative store, run for the public good. Rightly they are leaving the decision completely up to us. We should participate one hundred per cent in making the decision, and having done so we should all of us accept the decision.

POSTMASTER BRYANT CALLS ATTENTION TO POSTAL REGULATIONS

TO THE EDITOR:

Some of our patrons do not understand why we charge first class postage rate on your paper "The Cooperator." In this connection their attention is invited to Section 565, Page 254, of the Postal Laws and Regulations, wherein it is stated that, if as many as twenty identical mimeographed copies are mailed at one time at the window, such mail is to be treated as third class and charged for at the rate of $1\frac{1}{2}$ cents for each two ounces or fraction thereof, but if less than twenty pieces are mailed at one time, the first class rate will apply.

I would like to remind our patrons that great care should be taken in addressing and posting mail. Be sure the address is fully and plainly written, stamps affixed, and return address placed in upper left hand corner. Be sure that you have affixed enough postage, or your mail may not leave this office. Please do not address mail to Washington, D. C. as local. The rate for Greenbelt local first class matter is one cent an ounce; non-local three cents an ounce. Be sure to give the State when writing the address.

I would like to state for the benefit of new arrivals that they will have to call at the Post Office for their mail, as we do not have house delivery. We deliver Specials as quickly as possible. Perishable parcels which are on hand at the close of business on Saturdays and holidays are delivered and charged for as Special Delivery, as set forth in the Postal laws and Regulations.

I will much appreciate the return of cards "Mail with postage due, Form 3907," "Box rent due, Form 3908, and "Parcel too large for box, Form 3910" by those having them, as there are quite a number out. These are the property of the Post Office Department and should never be taken from the Post Office.

George W. Bryant, Postmaster
THE MORE MAIL WE POST THROUGH OUR POST
OFFICE THE SOONER WE SHALL HAVE HOUSE
DELIVERY.

CUSTER'S LAST STAND Volume 1 Number 16

The American Legion has petitioned the Citizens Association to turn over to it the sponsorship of the Greenbelt Boy Scouts.

In doing so the Legion points out that the present troop committee has failed to assist the Scouts or to attend their meetings. The Legion also points out that the Scouts are a traditional responsibility of Legions in other communities. It also submits that it is better able financially than the Citizens Association to support the Scouts.

Whatever disposition we make of the petition, we must wholeheartedly thank the Legion for calling to our attention our indefensible neglect of the Scouts. Also, we must be aware of the Legion's very evident determination to do a thoroughly good job of anything it attempts. And none of us must forget that we are all citizens of Greenbelt, working for the common good. Also, we are all members of the Citizens Association, charged with the responsibility of seeing that its committees produce results.

Personally, I think the Citizens Association is the logical body to sponsor the Scouts. It, more than any other group, represents the parents of all the boys. It is the organization formed for the very purpose of dealing with problems that concern the whole community. The Legionnaires are all members of the Association and can make any contributions they want, either individually or as a group.

But the people who by right should be most interested in the scouts--and most responsible for them--are the parents of the boys. The Legion is not self-perpetuating, and soon its members will have no sons of scouting age. We who do or shall have sons of this age should insist upon accepting our full responsibility, while thanking the Legion and all others for the help and inspiration they give us, and especially for calling us to attention when we are "asleep at our posts" of duty.

Howard C. Custer.

To the Editor:

Although only recently arrived in Greenbelt, I have already heard the complaints of the Legion Post, the Parent Teachers Association, the Athletic Club, The Mother's Club, the Church Groups, The Bridge Club and other organizations that there was no place where they could hold entertainments and derive funds for their respective programs.

At this point it is interesting to note that while they want to charge Greenbelt folks it is only so that they will have funds to give to Greenbelt enterprises.

So why should our Town Council not arise to its opportunity and obtain some of the W.P.A. money that is being distributed by the Government? It is interesting to know that the District of Columbia recently secured an allotment of W.P.A. funds for every project it had requested. It seems that our town should put forth every effort to secure such a grant of W.P.A. funds for the purpose of the construction of Recreational Center that would accomodate the demands of our town.

In the plan of such a building we could have Bowling Alleys and Swimming Pool in the basement, Dance Hall and Auditorium on the first floor, and Ping Pong, Pool and Recreation rooms on the second floor.

It would mean a place for relaxation and exercise for old and young. While our community now has an abundance of good fellowship and friendliness, I still believe such a recreational center would be necessary to promote and keep alive our community spirit.

Lester M. Sanders.

DUNAWAY RESIGNS AS HEALTH ASSOCIATION DIRECTOR

James Dunaway, employed in the Food Store by the Greenbelt Consumer Services, Inc., has submitted his resignation as a director of the Greenbelt Health Association.

This action was taken by Mr. Dunaway because of his transfer to the Green Hills project near Cincinnati, Ohio, by the Filene organization to assist in setting up the store there. He is, however, retaining his apartment here and will return in about two months.

MOVIES TO BE SHOWN TOMORROW NIGHT

The Cooperative Organizing Committee announces that a movie will be shown in the School auditorium Thursday night, June 30.

Mr. Sam Weisbroth, member of the Education Committee of the COC, reports that a program of three short movie subjects and a Community Sing has been arranged. Mr. Fred Wilde will lead the singing.

CATHOLICS TO USE THEATER FOR MASS

Beginning next Sunday, July 3, Mass will be said in the Greenbelt Theater for the Catholics of Greenbelt, necessary arrangements for the use of the theater having been made through the kindness of Dr. Herbert Evans of Consumers Services.

Having used the Social Room of the School for Mass since last Fall, Greenbelt Catholics will welcome the change to the more adequate Theatre, where all will be able to sit and none will have to hear Mass standing in the rear of the room. Requisites for the comfort and convenience of those attending Mass have been arranged for, including portable steps for one end of the stage and suitable provisions for kneeling. During the summer months Mass will begin at 8:30 each Sunday morning. Confessions will not be heard before Mass but are heard every Saturday evening at 27-A Ridge Road from 7:30 to 8:30.

LAKE OPENS

In a flash, with a splash, as our sprightly colleague Walter Winchell would put it, the Greenbelt Lake was officially opened Saturday, June 25th at 10:00 A.M.

Messrs. Braden, Mabce and Rust were on hand to do the officiating, which consisted largely of swapping jokes with the Greenbelt swimming set, seeing to the parking of cars, and such.

Chief Lifeguard George Fair, and Lifeguard John Mortone kept a watchful eye from the rowboat and the float, but there were no untoward incidents.

The present facilities do not permit the use of the lake by non-swimmers, but it is expected that some arrangement will be made for them shortly.

Miss Hoffman's Absence Felt

The vacant chair was very evident when leaders of the Greenbelt Consumer Discussion Groups met without Miss Ollie Hoffman for the first time since her departure to Greenhills, Ohio.

Mrs. Trotter, 48-E Crescent Road, was hostess on June 22 to Mesdames Rider, Fulmer, Maryn, Fitch, Taylor, Livesay, and Mrs. Maryn's mother, who is visiting in Greenbelt. During Miss Hoffman's temporary absence, leaders agreed to continue their weekly meetings for mutual inspiration, to facilitate all efforts to help residents to become better acquainted with one another, to maintain consumer information centers in both the drug store and the food store. Mrs. Taylor's group is making a study for the drug store.

At these meetings material is offered for the work of those groups which are studying through the summer under the leadership of Mesdames Raddant, Lee, Hemingway, Taylor and Trotter. The other leaders are keeping abreast of the new information as it is gathered and will be informed when the Fall season opens and they again start studying with their neighbors.

QUESTION BOX

1. What is the difference between green and white asparagus?
2. Why should peanut butter be kept covered?
3. Can honey be made artificially?

(Answers on page 11)

Kitchen towels. Add a little borax to the water in which you wash the kitchen towels; it removes the dirt and grease, gives the towels a better color.

A thorough knowledge of the Greenbelt community and the quick solution of eight clues led Mrs. Fordyce Lyman last Monday evening and her party to the treasure, in the first Treasure Hunt to be held in Greenbelt.

The Treasure Hunt, followed by a buffet supper and games, was given by Mr. and Mrs. Lawrence L. Larmore of 19-C Parkway in honor of Mrs. Larmore's brother, Lieutenant Irving G. McCann. Lt. McCann has been spending his vacation with his mother, Mrs. Irving G. McCann in Annapolis, preparatory to leaving for Pensacola, Florida, to enter the Naval Air School.

Others in the winning car in the Hunt were Katherine Cox of 'Burnt' Mills Hills, Md. Lt. McCann, and Fordyce Lyman.

Five cars carrying 18 guests left Parkway Road at 8:30 P.M. after the first clue had been distributed to each car. The rest of the clues were found in boxes located in various spots indicated by verses on slips of paper.

When everyone returned, the buffet supper was served Hawaiian style on grass mats spread on the rug with grass pants for the iced tea glasses. Following supper several movies were shown. Then to climax the evening, the game "Donkey Party" was played, and won by Jewel Schosen of Arlington, Va. Edward McDonald of Greenbelt won the booty prize.

Out of town guests were Mr. and Mrs. Cleon Schosen, Miss Katherine Cox, Miss Maurine McCann and Mrs. Irving Goff McCann. Those from Greenbelt were Mr. and Mrs. Robert Yomans, Mr. and Mrs. Wm. Kinsley, Mr. and Mrs. Byron Roshon, Mr. Edward McDonald and Mr. and Mrs. Fordyce Lyman.

Mr. and Mrs. George Fair, 3-F Parkway, announce the birth of a daughter, Marte, at Garfield Hospital on June 23.

DISCUSSION GROUP VISITS GREENBELT

Mrs. Paul Roller of Berwyn, Maryland, brought representatives of her Consumer Discussion Group, affiliated with the American University Women, to shop in Greenbelt's Food Store, Tuesday morning, June 21.

Mrs. Roller and her members were met in the Food Store by a party of Greenbelt housewives who are members of the Greenbelt Consumer Discussion Groups. The two groups did their shopping together, asking and answering questions concerning canned peaches, beans, butter, milk, soap, and pumpnickle bread--of one another, and of Mr. Comly Richio, who came to Greenbelt after successfully managing a cooperative store elsewhere.

Mrs. Roller invited Mr. Sulo Laakso, manager of the Food Store, to address the Discussion Group of the American University Women on the subject of Why Government Graded Meat?

SOCIAL NOTES

Mrs. Peter Carroll, 1-A Eastway, and her son and daughter, Peter Jr. and Constance, drove to New York the week before last to visit at the home of Mrs. Carroll's parents. Peter Jr. is remaining in New York with his grandparents for a part of the summer, but his mother and sister returned to Greenbelt after enjoying a delightful week-end among relatives and former neighbors.

Mrs. Linden S. Dodson and her sons Billy and Bobby, accompanied by Dr. Dodson's father and mother, Mr. and Mrs. R.S. Dodson, left on Monday June 20 for Lake Junaluska, N.C. They will return after Labor Day--in time for school. Dr. Dodson is remaining in town to work.

Mr. and Mrs. Tom Howard, 46-C Crescent Road, celebrated their first wedding anniversary Friday, June 24.

Mr. and Mrs. George E. Lawton of Chicago, Ill. are visiting their daughter Mrs. Henry Maurer, 1-H Gardenway. The trip was made on an American Airlines plane. According to Mr. and Mrs. Lawton, "it was like a little bit of heaven, more like a dream than reality."

Mr. Robert T. Small of Atlanta, Ga. is visiting at the home of Mr. and Mrs. George Carnos, 26-E Ridge Road.

Mr. and Mrs. L.A. Nelson of Takoma Park, Md. and their guest, Mr. L.F. Lundmark of Indianapolis, Ind., were visitors Sunday afternoon, June 19, at the home of Mr. and Mrs. T. Taylor, 19-B Ridge Road. Mr. Nelson is in the Farm Security Administration, Finance and Control Division, in Washington. Mr. Lundmark is Regional Finance and Control Manager of Region III of the Farm Security Administration, and came to Washington on official business. Greenhills, Cincinnati, is within his region.

After a short sightseeing trip around Greenbelt, the guests and family gathered on the lawn for tea and enjoyed the refreshing breezes that favor Greenbelt. Both visitors were much interested in the layout and construction of the town and pleased with its development.

A surprise birthday party was given for Mrs. Julian Ashley, 1-G Gardenway on Sunday, June 19. Mrs. Henry Maurer made two lovely birthday cakes, and the rest of the group supplied sandwiches and coffee. The party consisted of: Mr. and Mrs. Julian Ashley, Mr. and Mrs. Thurston, Mrs. Craig, Mr. and Mrs. Carr, Mr. and Mrs. Henry Maurer, Mr. and Mrs. Lawton, Mr. and Mrs. B. Bordenet, Mr. and Mrs. G. Bamberger, Mr. and Mrs. G. Bauer, Mr. Roy Braden, Varina Craig, Mary Jane Craig, Lottie Thurston, Lyn Ashley, Dorna Ashley and Eddie Ashley. The evening was spent in playing games. All seemed to enjoy themselves immensely.

Mr. and Mrs. A. Helfand, 50-E Crescent Road, have as their guest for three weeks Mrs. Helfand's mother, Mrs. E. Pearson of New York. On July 2, they will leave for a three weeks' vacation in New York.

A son, Donald H. Jr., was born to Mr. and Mrs. Don H. Wagstaff, 2-C Woodlawn, on Saturday, June 25. Dr. Barton Richwine attended.

Mrs. Wagstaff's mother of Riverside, Utah is visiting her.

THE YOUNGER SET

Do we feel like a big girl? I'll say we do. Thursday we started saying "Ma-Ma", and Daddy and Mother were so pleased we kept on saying it. Although I know we look like an old lady when we say it because of the way our mouth moves without any teeth.

Speaking of teeth, Michael Harris has five now. He is eight months old. David Wilmot is eight and one-half months old and also has five teeth. David's father will return from Florida July 1, so David is going to have an uproarious Fourth.

Two of our newest residents are Mary Jo and George Henneberger, from Washington. Mary Jo is four and one-half years old, George is seven. Mary Jo is anxious to start kindergarten next year if there is one in Greenbelt.

Frederick Macchio was two months old June 23. His brother Joseph Jr. is 18 months old.

Carol Jane Hotard is finding the world very interesting. She is almost five months old and surprised her folks by saying "Da-Da" last week.

Betty Zimmermann is an active young lady these days. She wandered a few doors away from her home the other day and for the pleasure of hearing the noise took the two milk bottles on the doorstep and broke them. She is very fond of candy. One thing she really likes to do is take off her shoes at her neighbor's and go home barefooted.

Toni Larnore

ANSWERS TO QUESTION BOX

1. To produce green asparagus, the grower allows the stalks as they grow to be exposed to the sun's rays, and thus develop chlorophyll in the stalk, the substance which gives all vegetation its green coloring. For white asparagus the grower hills over the stalks with soil as soon as the tips appear. Both types are popular.
2. Peanut butter will absorb the odors of other foods unless care is taken to keep it covered or removed from those foods that have strong odors.
3. There is no honey other than that made by bees, and the Federal Pure Food Law prohibits the sale of any product as honey which is made by artificial means.

THE KITCHEN MAID

by Annis Murdock

For all you Mothers who save the whites from your baby's egg----Here is a grand Angel Food Cake.

13 egg whites	1½ c. sugar
pinch of salt	1t. flavoring
½ t. Cream of tartar	1 scant cup flour

Add salt to egg whites, beat well until foamy. Add cream of tartar and beat until stiff. Be sure to get them first stiff enough to hold their shape. Otherwise they will be too dry.

Sift sugar - fold into whites gradually.

Sift flour - fold into mixture gradually. Add flavoring.

Bake in moderately slow oven 45 minutes. Do not grease tin. Remove from oven, invert on a rack, or place a prop under one edge of pan. Let cool in pan.

Have you ever tried baking your cake in a large round saucepan instead of a tube pan? I like mine better that way.

If you haven't time to frost your cake, try serving it with a little whipped cream to which you have added crushed peanut brittle candy.

A girl, Wendy May, weight eight pounds, was born to Mr. and Mrs. Alwyn J. Carson, at their home, 18 T Ridge Road, at 4:35 Saturday afternoon. Dr. James S. Dryden, of the Health Association, attended. Both baby and mother are doing excellently. The baby has two sisters, Ardatch and Barbara.

The following Pennsylvanians have been visiting Mr. and Mrs. Sydney Diebert, 45 E Ridge Road: Mr. and Mrs. Paul Wendling and their son Jerry, of Allentown; Mr. and Mrs. Robert George of Neffs; Mr. and Mrs. Lewis Miller and Florence Williamson of Bath. The Dieberts are former residents of Slatington near Allentown.

Joan Moore, daughter of Mr. and Mrs. Guy R. Moore of 27-A Ridge Road, celebrated her fourth birthday on last Friday. By way of celebration special concessions were granted to Joan during the entire day and an impromptu "course of ice cream and cake" with several of her friends closed the big day.

SPEND YOUR FOURTH IN GREENBELT

DOPE FOR THE "DUPES"

By Geo. F. Carnes

It was during Wednesday's game between the Bombers and the Bees that a remark was passed by our friend and colleague, Cliff Cockill, to the effect that some of the Bombers seemed a bit bashful about sliding into home plate. We cast a questioning glance in his direction, and he, (the old Swami) interpreted and replied: "It's that guy John Martone! He used to be a first class welterweight and the boys kinda got to thinking about it when they come tearing into home."

Well, the pantry being sorta bare of sports material for this column, we ease over to Martone's home that afternoon to see if a bit of news could be picked up. We weren't dissatisfied; that is if the sports writers who covered Jack Dempsey's training camp activities when he was getting ready for his last historic bout with Gene Tunney can be depended upon. For according to them, John Martone, your neighbor, is one of the very select few who can boast of climbing into the same ring with the Manassa Mauler every day for a month and still retain his good health.

John, who in his heyday fought under the name of Shorty Martone, the Cyclone of the Campus, literally fought his way through the U. of Ill. and helped pay his tuition by knocking over such tough babies as Farmer Joe Cooper and Shuffle Callahan, both of whom were rated at one time as contenders for the welterweight crown. With a record of forty fights without ever being knocked out and a natural born ability to throw a hefty right, he attracted the attention of both Jack Dempsey and the late Young Stribling who invited him to their training camps where he acted as sparring partner.

Today John Martone is just a likable, friendly neighbor who seldom

indicates by word or action the world of boxing lore which is at his command. Questioned about amateur boxing here in Greenbelt, he intimated that he would be greatly interested in helping the young fellows around here start a boxing tournament. In parting, John presented the Sports Dept. with a photograph of Jack Dempsey and himself posed in their fighting togs at Camp Laurel, Dempsey's training camp.

Needless to say, the picture will occupy an honored place in our gallery.

INTRAMURAL SOFTBALL

On Wed. June 15, the Huskies, Doves, Berries and Scrubs sang their swan song for this season's activities; packed away their gym suits, softball, volley ball and basketball and retired to their respective kitchens until fall. After the handshaking was over the group presented Mrs. Jacobsen a pair of lounging pajamas as a token of appreciation for her splendid leadership.

Results of last game:

Scrubs, 7	Doves, 13
Huskies, 16	Berries, 11

Final Standing:

	Points	
Huskies	250	
Berries	200	
Doves	100	
Scrubs	50

7/3	Emeralds	Vs. Red Birds
7/4	Lion Bee game postponed due to 4th of July program.	
7/5	Bombers	Vs. Cubs

Both spectators and players are beginning to wonder which team and when are going to shove the Cliff Dwellers out of their top position. The Dwellers have been occupying the top rung for practically the whole season and if some of the boys don't get a move on they look like a sure thing to stay there.

Several of the boys have been bunged up during the season but probably the worst injuries were those inflicted upon the feelings of those hapless persons who patriotically volunteered their services as umpires. We might take this occasion to say, that the lot of an umpire at its best is no bed of roses and especially those who risk their scalp arbitrating for the stumble, fumble and grumble boys.

We hereby make a motion that after each game the umpire be presented with a vote of thanks in lieu of argument.

FOURTH OF JULY!

Now that the 4th is just around the corner and the wives are polishing up their picnic tinware and the males are limbering up their semi-petrified biceps for the usual 4th of July tomfoolery, Chairman of Recreation Committee Johnny Bozek is hopping about like a puppy trying to get rid of a bumblebee in his efforts to get the athletic program for that day in working order.

Johnny has been holding back a few surprises for the customers but gave us a few hints today of just what we might expect. A bicycle race followed by a tricycle race in the morning---Life-saving exhibition by Geo. Fair, followed by some red hot water races. Later in the afternoon children between the ages of 11 and 13 will give you an exhibition of dazzling speed in one of these renowned potato races, sometime referred to as a sack race. Then comes "pop"! Tug-O-War for the big boys; relay races for the speed demons---age limit, 15 to 150.

Having had the experience of one of these Fourth of Julys before, we are going to profit by the last lesson and forego the pie eating contest in favor of some of the more manly sports. See you all at the lake.

ANY ACCEPTANCE?

Bill Neblett and Red Stewart bellow in stentorian voice their challenge to any and all Tug-O-War teams who have a favorable opinion of themselves. Red and Bill state that their team has begun to observe strict training regulations for the forth-coming 4th of July tilt, and expect to win in a walk, or rather in a TUG. Bill intimated in a rather mysterious manner, that Block C might give some of the other block teams a surprise when the relay race was run, too. Both boys were reluctant about disclosing their training program but we have it from reliable sources (the Wives) that the Tug-O-War team is putting away four meals a day!

HOWDY FOLKS!

"Well, Mrs. Neighbor, looks like you got them new curtains you were talkin' about and a 'measurin' for. Say, now, they do look right nice. And how are you, Mr. Neighbor?"

"Funny thing, you'd think this young generation a comin' along was kinda flighty but, I declare, I saw two of 'em spend nigh onto six hours in their garden t'other day. Yes, sir, and the girl was sure doin' her part too."

"By golly, it was fine seein' the weeds fly and them rows layed out neat and planted. To make matters even better, they come a'walkin' up the road a-singin' happy as all get out. Dirty faces and grubby hands, but it was heart warmin'. If you wanta see how our young folks are a-doin' take a look around, It's worth anybody's while."

"Right healthy youngsters you got, neighbors, gettin' kinda brown and rosy cheeked, eh? Did you ever see anything more satisfyin' than the way kids seem to brighten up after a little dose of Greenbelt? That there's a medicine they don't shy at."

"Bless my soul, the mothers are gettin' younger too. S'pose it's reflections of such happy faces round and about?"

"T'other day, for the first time, I heard somebody make a remark 'bout not likin' certain things out here. Course, folks, we all know, some people ain't pleased, not matter what they have, so tain't no use to pay attention to their carryin's on. But I, for one, wish them that can't see further'n their nose end and don't feel almighty thankful for such a garden spot, would go back to where they come from. Like as not, they'd be kinda glad to get out here again. Them that's always complainin' usually do so for lack of somethin' worthwhile to busy them. Tain't as though we have to make the best of it. - Livin' in Greenbelt is havin' the best of it."

"Well, folks, thank you right well for the little visit. Here's hopin' I'll be seein' you again soon."

"Till then, here's somethin' I've remembered since I was just a little

AMERICAN PEOPLE WANT TO BUDGET MEDICAL COSTS, INSTITUTE OF PUBLIC OPINION REVEALS

The American Institute of Public Opinion in announcing the results of its latest poll this week revealed that the majority of the American people would be willing to pay for medical care on a periodic payment basis and that about one in three would pay \$2.00 a month per person.

The poll further revealed that 42% of those questioned had put off going to the doctor at some time because of the cost. The announcement said, "Comments show that many persons would favor a plan for group medical care, 'it would help us budget doctors' bills."

Martin W. Brown, secretary of the Bureau of Cooperative Medicine, commenting on the poll, said that it indicated nation-wide approval of cooperative medicine. "Cooperative medicine means the budgeting of medical service and it has been the experience of cooperative health associations that, where medical care is paid for on such a basis, members will seek the doctor's services earlier than if they had to pay for it on a 'fee for service' basis. The survey of the American Institute shows the potentialities of cooperative medicine. With this tremendous vote of approval Cooperative Health Associations will move forward more rapidly."

shaver and first learned to read.-

'The thing that goes the farthest
Towards makin' life worthwhile,
That costs the least and does
the most,
Is just a pleasant smile.

'The smile that bubbles from the
heart,
That loves it's fellow man,
Will chase away the clouds of
gloom
And coax the sun again.

'It's full of worth and gladness
With genial kindness blent,
It's worth a million dollars
And it doesn't cost a cent.

HARVEY L. VINCENT APPOINTED TOWN ENGINEER

Harvey L. Vincent, 4 Woodland Way, has recently been appointed Town Engineer of Greenbelt.

Mr. Vincent received his engineering training at Columbia University, New York City, and George Washington University. He first came to Washington in 1932 from Grantwood, N.J. and, prior to his appointment as Town Engineer, was employed as Engineer by the District of Columbia.

His appointment is particularly fitting, as he has played an important role in the birth and development of our town.

Since his appointment in 1935 as Superintendent of Construction of Greenbelt, Mr. Vincent has supervised the installation of sanitary sewer, storm drainage and water distribution systems involving the laying of some 150 miles of pipe of various sizes up to 30 inches in diameter. Since joining the staff of Greenbelt, he has had charge of the design and construction of swimming facilities at the Lake.

Mr. Vincent believes that Greenbelt offers the possibility of becoming one of the show places of America, and his aim as Town Engineer will be to do his utmost to make the community the last word in attractiveness and sanitation.

He is particularly interested in wild life conservation and feels that there is an excellent opportunity for the development and promotion, with the aid of the youth of Greenbelt, of a constructive and worthwhile program of wild life development.

WANTED: Girl or woman for ironing and housework by the hour. Mrs. J.E. Sheets 6F Parkway Rd. or phone Greenbelt 4586.

DACUS TRANSFERRED TO CINCINNATI

James A. Dacus, who has been assisting in the organization of the Greenbelt Health Association, has been transferred to Cincinnati, Ohio, to do similar work in that locality.

Mr. Dacus, who is Field Representative of the Committee on Medical Care, Credit Union National Association, has been in Greenbelt since the first of the year.

Bob Volckhausen, Cooperator Editor-in-Chief-on-Leave, visited us for a few moments last Wednesday. He was on his way from New England, where he was visiting, to Wisconsin, where he plans to spend the summer studying.

He said Greenbelt looked good to him and he looked good to us, but he had no time for fatherly advice, and was soon on his way.

NURSE ADDED TO HEALTH ASSOCIATION STAFF

Mrs. John Perkins, R.N., has been employed by the Greenbelt Health Association as nurse at the Medical Center.

Mrs. Perkins comes from Erie, Pa. and has had considerable experience as a nurse. She was employed for some time by the Department of Welfare for the State of Pennsylvania.

Mr. and Mrs. Perkins, who live at 42-D Ridge Road, moved to Greenbelt about the middle of May. Mr. Perkins is employed by the U.S. Department of Agriculture at the Beltsville Experimental Farm.

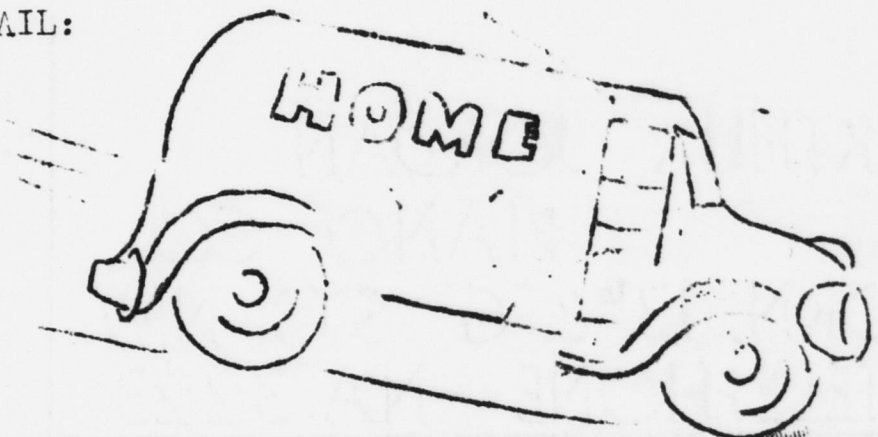

Whenever phone calls are made to the Medical Center and there is no answer, Mrs. Perkins should be called. Her telephone number is Greenbelt 5361. (This is a good number to keep in a convenient place).
